Voice Disorders

LSVT LOUD

Sensory integration for SLP

Dyslexia: Concept, Diagnosis, and Practical Applications

Swallowing Disorders

The Role of Neuromuscular Oro-facial Taping

Gestalt Language Processing

Parent Guidance Strategies

# Course Overview

---

## OPT Level 1

This introductory course to (Oral Placement Therapy) is the foundation for TalkTools training and is integrated throughout all of their courses. OPT is a type of oral-motor therapy that targets specific movements needed for speech and feeding. The "3 parts" of OPT are: auditory and visual sensory systems COMBINED WITH tactile -- and proprioceptive -- sensory systems. TalkTools training applies a unique, hierarchical approach to OPT, focused on a measurable, results-driven path for both therapists and clients across all ages and diagnoses with the goal of: speech clarity, improved feeding, independence, and improved QUALITY OF LIFE

This interactive, hands-on course includes highly motivating activities targeting the abdomen, velum, jaw, lips and tongue. Techniques learned can be readily implemented across many therapy environments -- private practices, hospitals, schools and home.

# Learning Outcomes

---

## OPT Level 1

### Participants will be able to:

- **Assess oral placement/feeding/speech problems based on muscle systems.**
- **Integrate hierarchies for motor dissociation and grading (jaw-lips-tongue).**
- **Formulate programs of therapeutic intervention to address physiological and motor-based speech disorders.**
- **Apply at least 10 new therapy techniques.**
- **Demonstrate oral placement techniques to improve individual speech clarity and production.**

# Additional Details

---

## OPT Level 1

### TARGET Audience:

1. **Occupational Therapists and 4th year students.**
  2. **Speech and Language. Therapists, and 4th year students.**
  3. **Special Education Teachers..**
  4. **Early Years Teachers, parents and Care Givers.**
- **All participants are required to keep their cameras on throughout the entire training session**
  - **Seats are limited**

# About the Trainer

Dr. Rehab Zaytoun is an Associate Professor of Phoniatics at the Faculty of Medicine, Fayoum University. She graduated from Kasr Al-Aini, Cairo University, earning her Master's degree in Communication, Swallowing, and Voice Disorders in 2011 and her Medical Doctorate in 2015.

Dr. Rehab is extensively trained in pediatric speech, language, and feeding disorders. She is Hanen-trained (It Takes Two to Talk, More Than Words, Talkability), PROMPT-certified (among the first in the Middle East), and the first TalkTools Level 4 certified assessor in the Middle East. She is also a TalkTools instructor and speaker in the MENA region.

Her expertise includes neonatal feeding (NOMAS-certified), oral motor and sensory-based feeding therapies (Beckman, SOS), orofacial myology, literacy and language processing programs (Lindamood-Bell, Orton-Gillingham), reflex integration, and voice therapy (LSVT).

Dr. Rehab currently heads the Speech and Language Department at the Learning Resource Center (LRC) in Maadi, owns CliniCare private practice in Cairo, and serves as a visiting consultant at ABLE UK Dubai. She is a frequent speaker at local and international conferences.
